MEMORANDUM FOR: Director of Training

SUBJECT : Survey of CIA Regulations

25X1

25X1

1. Although our present regulatory system was established by [redacted] dated 26 February 1953, there are numerous old regulations still in effect. The old regulations to which I refer are called CIA Regulations, CER, AFR and AFN, CR, OSO Regulations, [redacted]

2. I consider it of utmost importance that we take immediate action to eliminate these publications so that there are not so many sources to probe for regulatory guidance and control. Moreover, there is evidence of duplication and conflict in some existing old regulations with some new issuances.

25X1

3. [redacted] "Tuition," is an old regulation within your area of responsibility for which no new issuance has been proposed.

4. As soon as practical, please notify the Regulations Control Staff of the new number, title and estimated completion date of a proposed regulation in the new series which will rescind the old regulation, or if it is no longer applicable, please advise so that it may be cancelled. This will enable me to follow up on the effectiveness of our program to provide a single regulatory system for the Agency and to insure complete coverage and action for publication of essential regulatory material.

H. GATES LLOYD
Assistant Deputy Director
